

Join 4-H for an after school Special Interest (SPIN) Club on Lego robotics! We will be using Lego SPIKE kits to begin exploring engineering skills, collaboration with a team, and programming basics. Youth don't need to have any background knowledge, just a desire to learn!

There will be a \$5 registration fee, if that is an issue please reach out to 4-H staff.

Meetings will be at Coal City Elementary School right after dismissal and be about an hour long, with our last meeting being about an hour and a half. Our meeting dates will be: April 1, April 8, April 15, April 22, April 29, and May 6.

This is open for 4th and 5th grade students.
